

SOUNDPROOFED^{/ 19} PISTON Compressors

Compresores JOSVAL differs from other manufacturers by offering the widest range of soundproofed piston compressors in the WORLD, finding solutions where other companies fail to do so, making our compressors suitable for high-performance work in 20 HP.

Our specialty reliable, aesthetically appealing, efficient compressors, are free of complications and are very inexpensive to maintain, while producing the air required for offices, workshops, and small and medium industries who need soundproof, affordable solutions.

SAUBER & SAUBER SILENCE series

Oil-free compressors, designed to withstand high rhythms of work, have very low maintenance costs.

These are aimed at small businesses that require very clean air. For dental markets, the model also incorporates an adsorption dryer.

SAUBER CLINIC BASIC-1

Air flow is set according to ISO 1217.

Noise level as CAGI PNEUROP-measured in the open air, at a distance of 1 meter.

SAUBER series features

- Compressor SINGLE PHASE, SILENT and SOUNDPROOFED.
- WITHOUT OIL - CLEAN and DRY air. Economic maintenance.
- Bicylindric HEAD ceramic coated, great production, reliable, compact and robust.
- Electric MOTOR for low power consumption and high performance. S1 service (except SAUBER CLINIC and TECHNAL).
- Stainless steel AIR TANK (SAUBER FIVE TRI and SAUBER SUPREME models).
- AIR TANK treated and painted sanitary white (depending on versions).
- HOURMETER (SAUBER FIVE TRI and SUPREME models).
- FILTRATION SET with built-in automatic drain. 20 micron on SAUBER CLINIC ONE and BASIC-1 models and 0,01 micron on SAUBER SUPREME and SAUBER FIVE models. (Except SAUBER TECHNAL)
- Adsorption DRYER of high efficiency, which absorbs moisture and ensures DRY air. (Except for SAUBER CLINIC BASIC-1 and TECHNAL). Adsorption dryer for SAUBER CLINIC ONE model and membrane dryer for SAUBER SUPREME and SAUBER FIVE models.)
